- 2. INSPECTION AND INTERVIEWING TECHNIQUES:** These questions test your ability to select the proper course of action in situations which might occur during routine inspections. Question topics may cover, but will not be limited to, such areas as interviewing, gathering information and evidence, maintaining proper attitude, and handling irregularities and violations with integrity and sound judgment. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.
- 4. UNDERSTANDING AND INTERPRETING WRITTEN MATERIAL:** These questions test for the ability to understand and interpret written material. You will be presented with brief reading passages and will be asked questions about the passages.
